## §1 Scope of Application

This Regulation of Admission regulates the admission to the study programme for the international advanced training master programme “European and International Energy Law” of Technical University Berlin,

according to § 10 para. 5 sent. 2 of BerlHG, § 10a BerlHZG in combination with the Statutes of the Technical University Berlin on the University’s own Selection Procedures in Access Regulated Programs (AuswahlSA) in the form of February 14th 2009.

## §2 University Places and Deadline

(1) The amount of university places for the advanced training master programme “European

and International Energy Law" is restricted to thirty.

(2) The deadline for applications is June 15th each year.

(3) If there are less applications than university places, these places are given to the applicants who fulfil the admission requirements according to § 3. If there are more applications than university places, a selection process takes place according to § 5 and § 6.

### §3 Admission Requirements

Admission requirements for the advanced training master programme "European and International Energy Law" are:

- a) a first qualifying university degree,
- b) post-study practical professional experience of generally at least one year.

### §4 Selection Committee

For the selection, a selection committee is formed in accordance to § 3 AuswahlSa.

### §5 Admission Procedure

(1) The application for admission is to be sent in writing to the responsible office of the Technical University. Required attachments are:

- (a) Proof of concluded university degree, preferably in law or economics, of the extent of 240 ECTS (certificate and authenticated proofs with authenticated translations); § 15 AuswahlSa applies accordingly. If the degree falls short of 240 ECTS, the following procedure applies: For practical professional experience in a field which is

subject to the curriculum, points may be given per year of experience according to the following table.

Area	Points / Year
Sector specific competition law	20
Sector relevant competition law and / or regulatory law	30
Sector specific activities in business or economics	10
Sector specific activities in business and economics	15

(b) Proof of professional experience of at least one year after the university degree

(c) Proof of English language skills in accordance with level B2 of the Common European Framework of Reference for Languages (CEFR), if the university degree stems from a university whose language of instruction is not English.

(d) A letter of motivation in English of one page A4;

(e) A curriculum vitae in table form

(f) Additional documents, such as recommendation letters, may also be submitted.

(2) The selection committee ranks the applications received before the deadline and fulfilling the formal requirements according to the selection criteria of §6. The selection commission may allow qualified applicants to submit missing proofs or information within a time frame.

### §6 Selection Criteria

The selection of the applicants is measured by the grade of qualification and the subject specific qualification of the prior university degree, the practical professional experience after attaining that degree, and the level of proven English language skills. Up to one-hundred points may be given, composed of the following criteria:

- a) Grade of the prior degree:

1.0–1.5	very good	40 points
1.6–2.5	good	30 points
2.6–3.5	satisfying	20 points
3.6–4.0	sufficient	10 points

b) Subject specific qualification based of prior studies:

	Grade E.U. Law Modules	Grade Competition Law or Competition Economics Modules	Grade Regulation Law Modules
very good	10 points	9 points	10 points
good	8 points	7 points	8 points
satisfying	5 points	4 points	5 points
sufficient	3 points	2 points	3 points

c) Qualifying professional experience after graduation of at least three months duration:

- in the areas of E.U. Law, Competition Law, and / or Regulation Law: 10 points
- in energy business: 10 points

Level of proven English language skills

C2 or higher	11 points
C1	9 points
B2	6 points

## §7 Admission

(1) The Selection Committee creates a well-founded ranking from the points achieved according to the selection criteria according to § 6.

(2) Applicants are informed about admission or rejection without delay.

## §8 Coming Into Force

This regulation of admission comes into force winter term 2014 / 2015, the latest on the day of publication in the official journal of the Technical University.
